

WELCOME TO JOINT VENTURE, A NEW SOCIAL ENTREPRENEURSHIP PROJECT

June, 2021

Welcome to this, the first newsletter for "**Joint Venture: Business between socially excluded people and NGOs**", a new project we think you will find of interest.

The project aims to build a fairer and more inclusive society through new ways of collaborating, involving entrepreneurs, people at risk of exclusion, NGOs and the business world.

It is an Erasmus + project, designed to support education, training and young people in Europe.

The six partners from five countries - UK, Spain, Bulgaria, Romania, Italy – are all NGOs and business consultants specialising in developing training materials, entrepreneurship and business incubation, plus working with people from disadvantaged backgrounds.

Between them, they will create a suite of training materials over the next two years and develop an incubation process for potential entrepreneurs who need support.

There will be opportunities for companies and professionals from the business sector, trainers, mentors, NGOs, and would-be entrepreneurs to take part in the project at various stages.

If you would like to know more about the project, or find out how you can get involved, please contact (insert partner name/contact details) to register your interest.
